

FRED GEORGE IS GRANTED PARDON

One of the Principals in Murder Case.

His Companion Was Executed, but Owing to Youth George Went to Pen.

Conduct There Was So Exemplary He Was Paroled, and Now Is Restored to Freedom.

FRED GEORGE, the principal of one of the most thrilling criminal exploits in the history of the West, is again a free man. Sentenced to life imprisonment for the murder of two Wyoming peace officers in the summer of 1895, he was paroled December 20, 1902, and has since led such an exemplary life that the State Board of Pardons yesterday granted him a full pardon.

The crime of which George was convicted began with the theft of a crate of strawberries at Park City. Patrick Coughlin and George, who was then but 15 years of age, stole the berries, and, on being pursued, went northward stealing a horse to facilitate their escape. A telegram was sent to Evanston, Wyo., asking the officers to look out for them. Davies and Stager, two Wyoming officers, met the fugitives over the Wyoming line, and chased them back into Rich county, Utah, where they took refuge in a deserted cabin.

Both Officers Killed. In trying to carry the cabin by assault both the officers were killed. Coughlin and George were then followed south through Weber county. A patrol from Salt Lake went out to meet them and did so north of the Hot Springs. The fugitives took to the hills on the east and went over into City Creek canyon. They were driven over the canyon to Black Mountain, where Coughlin's horse was shot under him. On foot they crossed the divide to the east and came down Dry canyon to the city, where they passed the night at George's home. On the following day they went down Main street carrying their rifles and walked to Murray. Being again pursued they went westward and were finally captured by the Tooele county officers.

Both Tried for Murder. They were tried for murder in Rich county. Coughlin was sentenced to death and executed, but in consideration of George's youth he was allowed to escape with a life sentence to the penitentiary. He had a good record as a prisoner and was paroled, the provision being that he should leave Rich county. Being unable to get work here he went to Park City. For violating his parole he was arrested in Salt Lake April 1, 1903, after a sensational chase from the Kenyon corner, during which the officers fired two or three shots. Investigation showed that George had really been at work at Park City, and he was allowed to return to the mine where he was employed.

Judge Alex. McMaster, George Buckley and Mrs. Kenyon appeared before the Board yesterday and urged a pardon, showing that George had led a quiet and industrious life while on parole, and had made fair to respectable and useful member of society.

Pardon Also Granted. A pardon was also granted to N. P. Pryor, sentenced from Parowan, Iron county, October 2, 1903, for assault with a deadly weapon. He was given three years. His petition for pardon was signed by the court and jury which convicted him and a great number of citizens.

The petition of Harry Duke, the Wells-Fargo bank embezzler, for a pardon, was continued for one month. Numerous other applications for pardons and commutation of sentence were turned down.

MUSICAL EVENT AS A TESTIMONIAL

A musical event of interest is being arranged for next Friday evening, to be given in the Tabernacle in honor of the retiring presidency of the Salt Lake stake, as a slight testimonial of appreciation for long years of faithful service. Among the well-known local artists who will take part in the programme are R. C. Easton, J. J. McClellan, Willard Welles, Miss Arvilla Clark, Mr. Lizzie Thomas-Edwards, Walter A. Wallace, James Squires and the members of the Imperial quartette. Speeches and a presentation will be a part of the evening's programme.

Mrs. Woodruff Returns. Mrs. Emma S. Woodruff and her son-in-law, William McEwan, reached the city yesterday after a ten days' trip to Mexico, where they were called by the death of Mrs. A. O. Woodruff. Apostle Woodruff is still in a hospital at El Paso suffering from a slight attack of the chest, but is progressing nicely and his early recovery is expected. Mrs. Woodruff brought home the six-month-old baby of Apostle Woodruff, the other three motherless children being in charge of relatives at Conella Juarez.

THE POLITICAL TRUST IN UTAH COUNTY

Special Correspondence The Tribune.

PROVO, June 18.—This week has been a busy one in more ways than one to the average politician. The County Board has been in session hearing the complaints regarding the assessed valuation of property, thus bringing to the county seat a number of politicians, both great and small. Candidates have been buttonholing. It is rumored that several deals were attempted, but that they all signally failed. This is no year for making states. What is wanted is a free-for-all campaign without any strings. It is said one candidate in particular was given to understand that his conduct had not met with approval in the rural districts; in other words, that he was too anxious in the matter.

Next month comes the school convention, at least it is given out that the convention will be called for the purpose of nominating a county superintendent of the district schools. This may be a warm time, and yet it may pass off smoothly. Last year there was a hot time in the convention, because the superintendent had not, it was said, lived up to the agreements made, in devoting his whole time to the school work, but had given time to a church school and other matters as deputies to perform his own work. After a hard and bitter fight the present superintendent was re-nominated, giving a pledge that he would give all his time to the school work. It is now claimed he has not lived up to his pledge, and it is further stated that his salary is an incentive for him to devote his entire time to this work, that the County Commissioners have the right to give him the salary on the carpet over the affair, but all to no purpose. A determined effort, it is said, will be made to oust him at the coming convention. But it is whispered that some of the trust, while not saying much about it, would very much like to see him stay and finish the work he has mapped out. The Republican predicts that either Lars E. Eggerston or G. N. Childs will win our next school superintendent of schools. It makes no difference whether the trust indorses them or not; the people this time will be heard.

The postmasters' State convention will also be held in Provo the coming month, and another hot time is expected; that is the weather at least will be hot, but it is not expected that it will be very warm in the convention, as the work will be laid out and the brethren are expected to simply come in and ratify what has been done, and as there is no politics around the postmasters, as they are forbidden to mix up with such things, of course there will be nothing doing except a love feast—one already prepared.

It is said that Counselor W. D. Roberts has made some lasting enemies by his action in the City Council on last Monday evening, when he moved that the hackmen from Salt Lake be refused a license to run their hacks during the Elks' convention, "because it would work a hardship on the people of Provo," as he expressed it. It is now said that he will in the near future try to have the license of the restaurants revoked because it comes under the hotel and dining hall license, but as he is no doubt a believer in a Democratic in the old world argument, "special privileges to none," this is the way he shows that he does really believe in that Democratic doctrine, "equal rights to all," when it suits his own purpose.

Col. Loon has gone to the national convention held in behalf of the people of the State in case anything is attempted that would bring the State into disrepute. At any rate, it is said that a strong effort will be made to sidetrack any measure introduced which would affect the election in this State this fall. A good many people hereabouts are now saying it was a mistake, after all, to not send the Senators from Utah to the national convention. They are the men above all others, it is now pointed out, who would have been in a position to have stemmed the tide against any unfavorable resolution which might be presented against the people of this State. Since the Democratic State convention it has been freely discussed, and comparisons made of the marked difference between the ability of the two delegates from a standpoint of presenting an argument. Still it may be others will be procured who could do the job better than any one from this part of the country.

They say that the trust candidate for State Treasurer made a flying trip to the capital this week, looking after his fences, and also for the purpose of making some combine with others to further his candidacy. It is stated that a strong effort will be made to crowd his efforts. The feeling is getting stronger, seemingly, every day that the scheme will fail. The fact that Utah county has the Senatorship and several other State appointments is being used with effect against the candidates from the southern part of the State made the assertion in Provo a few days ago that "it is a fact that cannot be denied that Utah county might as well get out of the race and do it gracefully, for if they do not they will get the worst licking they ever had. You have the Senatorship, the national committee, the superintendent of the State, the State auditor, the State treasurer and the State treasurer, and now want the State Treasurer for another term."

Hon. George Sutherland and Charles De Moley were in Provo a few days ago, and up in arms over the affair, by the knowing ones that Mr. Callister is to be pushed through for Governor, State Statistician De Moley is to be made State chairman and the present chairman is to have the place vacated by Callister. It is rumored that the severe important meeting in connection with this combination have been held in Provo lately, but that they have been very quiet affairs.

They say the deputy clerk says it is not true that he has left his Sunday-school class, that he has not had time for some time. It might be stated also that several other things he has not, which he once had. It is said he used to be a member of a building committee.

Nothing has been done in the drug store mentioned in this last, Dr. Marshall has been very ill and it has been postponed for the time being. By the way, speaking of the late important meeting, there is considerable feeling over the matter of appointing Myron Newall (a brother-in-law of Senator Smith), to the position of Marshal during the absence of Marshal Henry, the first deputy of policeman, Mr. Olson being in every way qualified to take the place, but he was brushed aside and the place given to Newall, and it is said Olson's Democratic friends are up in arms over the affair, and promise to make it very disagreeable for Mayor Roylance, when the proper time comes for his action. They say that they say that all is harmony in the Democratic fold. Wait till Sam King gets back from the national convention and begins to tell the Thurman syndicate Roylance crowd what to do and how to do it. Then there will be some fun, sure.

The editor of the organ here seems very much disturbed of late over the success of the Independent in the Tribune, and it seems it is impossible for him to keep still over the matter. Every once in a while some insinuation concerning the Tribune's management or its correspondence appears in the columns of the organ. But it has no effect on the public, who know good newspaper when they read it, and the Tribune of late seems to be getting very good service from its Provo correspondent, which is very much appreciated by the reading public. This, of course, some people are finding out much to their discomfort, and they have to vent a little spite occasionally. They then feel better. But no one is hurt.

An observer was heard to remark not long since "That The Tribune was certainly as a newspaper the best in the State, and that while for some time the news from Provo was not what it should have been, because," said he, "The Tri-

bune was unfortunate in its selection of a correspondent, it is getting better of late," and "because of this somebody will have to take a certain amount of abuse."

It is reported that the trust has made up its mind that several good staunch Republicans must be defeated this fall, and it is now trying to make combinations to this end. The scheme is well understood and the purpose of the same known, and at the proper time it may be found that two or three can sometimes play at the same game.

Dies From His Injuries.

PARIS, June 18.—The Marquis d'Audiffret Pasquier, son of the Duke d'Audiffret Pasquier, died today at Brezilles (department of Eure-et-Loir), as the result of a motor car accident, aged 48 years. While running at the rate of fifty-six miles an hour a tire of his car burst and the vehicle was overturned. The Marquis was hurled into the air and sustained internal injuries.

Makes Men Vigorous

Valuable Prescription by Which Any Man Can Make His Own Remedy to Cure Himself at Home Sent Free to All. Write for It.

WILL MAKE A MAN OF YOU.

For the return of that youthful feeling of manhood a prominent Detroit physician and savant is in possession of a re-

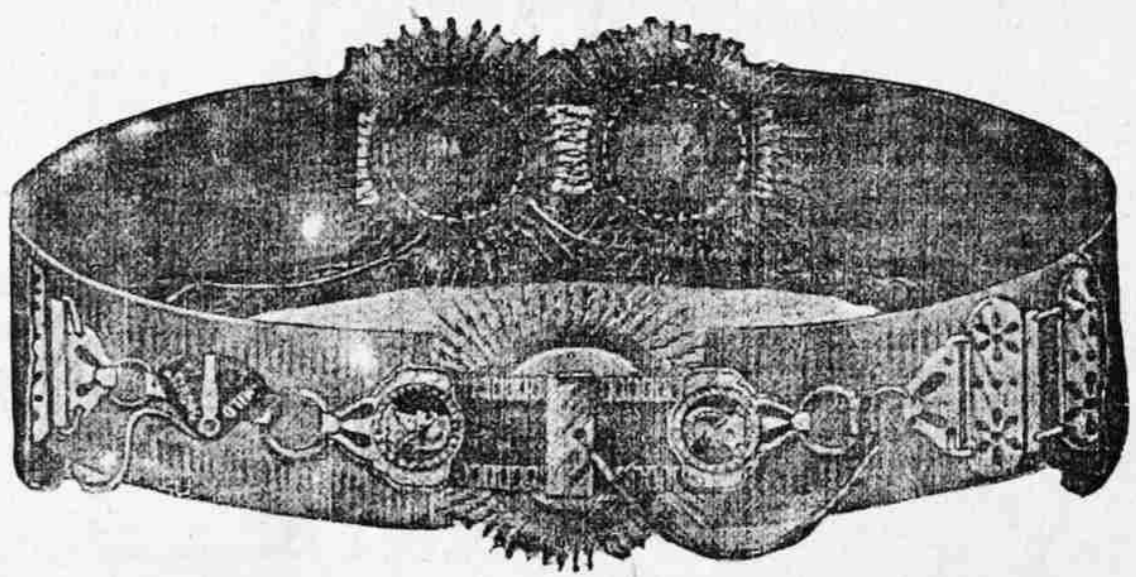

script which he has himself used in his own extensive private practice with the most startling success. Though the years have passed its equal has never been found and with it thousands of weak men have brought about the cures they so much longed for. The doctor willingly sends the formula entirely free to any man who writes him for it, and they will find it a gift of lasting value. It is good for sexual weakness, lost manhood, nervousness, weak back, emissions, varicose, lack of force, prostatic trouble, night sweats, inability to get as at sex, and the many other embarrassing conditions that beset the sexually imperfect man. It creates a new nature, forces active blood to the muscular tissues, tones the nervous system and arouses bodily confidence. It makes the man of 60 as good as at 30, and the young man again eager for society and fit for marriage and parenthood. Satisfactory results are produced in a day's use, and a perfect cure in a few weeks, regardless of age, or the cause of your condition.

If you need such a remedy send your name and address today to the Dr. Knapp Med. Co., 840 Hull big, Detroit, Mich., and in an unmarked envelope the doctor will at once send you the receipt, as promised, explaining in detail what ingredients to use and how to compound them so that any weak man can cure himself in his own home, without being under obligations to anyone. It costs you nothing and the sooner you write the sooner you will be cured.

Free Till Cured

Varicose, Weakness and Loss of Vigor are Quickly and Forever Cured By the Grand Product of Nature, Dr. McLaughlin's Electric Belt. No Pay Till Cured.

Electric Suspensory for Weak Men

This Electric Suspensory carries the current direct to the weak parts and cures all weakness of men, varicose, etc. It develops and expands all weak organs and stops physical decay. No case of Falling Vigor, Varicose or Debility can resist the powerful Electric Suspensory. It never fails to cure. With Belts for Weak men, no charge.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth when there is here at hand a certain cure for his weakness, a check to his waste of strength.

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

My Electric Belt, with Special Electric Suspensory, will restore your strength. It will check all unnatural drains and give back the old vigor of youth. This drain upon your power causes Kidney Trouble, Rheumatism and Stomach Ailments. You know it's a loss of vitality and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered the savings of years in useless doctoring. My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or

burns, as in old style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

An old man of 70 says he feels as strong and young as he did at 35. That shows how it renews the vigor of youth.

It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Trouble. It banishes pain in a night, never to return.

What tells you? Write and tell me, and, no matter where you are, I think I can give you the address of some one in your town that I have cured. I've cured thousands, and every man of them is a walking advertisement for my Belt.

Every man who has ever used it recommends it, because it is honest. It does great work, and those whom I have cured are the more grateful because the cure cost so little.

Every man who uses my Belt gets the advice and counsel of a physician free. I give you all that any medical man can give you, and a lot that he can't. Try my Belt. Write me today for my beautifully illustrated book with cuts showing how my Belt is applied, and lots of good reading for men who want to be "The Noblest Work of God." A Man. Inclose this ad. and I will send this book sealed, free.
